American Society of Sanitary Engineering

FOR PLUMBING AND SANITARY RESEARCH

This certifies that Ames Company, Inc. is authorized to display the ASSE Seal on its

Product Double Check Detector Assembly Backflow Preventer

Model 3000SSF - Horizontal & Vertical flow up w/Kennedy KS II shut off - 2-1/2, 3, 4, inch

Description

in the manner and under the conditions stated herein and any supplemental description sheets, in accordance with
ASSE Standard Number 1048-1993(ANSI-1995) Testing Laboratory Center for Irrigation Technology

This authorization is issued for one (1) year from date hereon and is renewable annually for a period of five (5) years.

The ASSE Seal (Conformity Assessment Mark) displayed on a product indicates that the product has been tested at an ASSE approved testing laboratory, and is found to be in compliance with an adopted ASSE standard that the manufacturers and this Society have found practical, workable and acceptable.

The American Society of Sanitary Engineering has created the Seal Control Program to encourage improvements in plumbing products and systems in the interests of greater protection of public health and safety.

Date February 23, 1999

Chairman

Herbert Panger
ASSE Seal Control Board
