w/Kennedy shut off on 4,6, approved 11/93

The above products have been authorized to display the ASSE Seal until: 03/31/2001

AMERICAN SOCIETY OF SANITARY ENGINEERING

For Plumbing and  Sanitary Research

This certifies that Ames Co., Inc. is authorized to display the A.S.S.E. Seal on its Double Check Backflow Prevention Assembly - Model 2000SS - 2-1/2, 3, 4" Horizontal & Vertical Flow Up in the manner and under the conditions stated herein and any supplemental description sheets,

in accordance with A.S.S.E. Standard Number 1015

Shut-off valves: Waterous R/W Gate Valves
Tested at: USC - FCCC & HR

This authorization is issued for one (1) year from date hereon and is renewable annually for a period of five (5) years subject to the conditions printed on the reverse side of this certificate.

The SEAL displayed on a product indicates that the product has been tested for compliance with an appropriate and accepted A.S.S.E. Standard for performance in a system of plumbing.

The American Society of Sanitary Engineering has created the SFAL program to encourage improvements in plumbing products and systems in the interests of greater protection of public health and safety.
