

# FEBCO

*Better Than Ever*

For over 80 years FEBCO has been committed to excellence and has been recognized for establishing the industry standard in the design and manufacture of backflow prevention products for the protection of the potable water supply. From the innovative "Y" pattern design originated by FEBCO and known for its reliable performance to the FEBCO MasterSeries® specifically designed to reduce overall installation, repair and maintenance costs, FEBCO delivers the quality, performance and affordability you demand in backflow prevention.
