Mueller Steam Specialty

was founded in the early 1900's in New York City as a small specialty manufacturer servicing the valve industry. In 1955, we began manufacturing pipeline strainers. Since that time, Mueller Steam Specialty has grown dramatically and we now manufacture a full line of industrial valve products for a variety of industries. Today, Mueller Steam Specialty is the world's largest supplier of strainers and the number one provider of specialty products serving the valve industry. Our dedication to quality (ISO 9001), service and delivery remains a key priority. Your needs always come first, and we will continue to provide a quality product from a brand name that you can trust.

Common Applications:

HVAC, Chemical, Oil & Gas,
Paper, Automotive, Fireline,
Marine, Food & Beverage

1491 NC Hwy 20 West

St.Pauls, NC 28384
